

BACHELOR OF SCIENCE IN ACCOUNTING + MASTER OF BUSINESS ADMINISTRATION (3+2)

The accounting program also offers an option of a five year (3+2) program which allows students to graduate with a Bachelor of Science in Accounting and a Master of Business Administration. This combination provides students with the opportunity to earn the hours required to be licensed as a Certified Public Accountant (CPA). Through careful planning and coordination, students can complete their four-year degree and begin their graduate degree, finishing both simultaneously. For more information, please see [3+2 Program](#). For more information about our accounting degrees and programs, please see [Bachelor of Science in Public Accounting](#).

The Colorado Mesa University Master of Business Administration (MBA) degree is a challenging program designed to prepare graduates for the changing business world. The degree is awarded after successful completion of 36 semester hours of rigorous study. The program is designed to provide the student with a broad background in business. To this end, students acquire knowledge of management operations, an appreciation of the interrelationships involved in business, an understanding of the economic, political and social environment in which businesses function, and behavioral skills that are essential in the manager's role in the implementation of business decisions. The MBA program endeavors to provide an atmosphere conducive to the development of each student's ability to think in a creative manner and to effectively problem solve. The program makes extensive use of the latest learning management systems to disseminate course materials, lectures, simulations, group projects, case studies, and applied research. All of our courses are taught by qualified graduate faculty with exceptional experience in higher education and industry. More information about our MBA Program can be found at [MBA Program Information](#).
