EDUCATION: SECONDARY EDUCATION, GEOSCIENCES (BS)

Degree: Bachelor of Science
Major: Geosciences
Concentration: Secondary Education
Program Code: 3474

About This Major . . .

The Geosciences secondary licensure degree is structured for graduates to pursue teaching careers at the middle or high school level. The basic curriculum includes all of the major topics within a traditional geology program while also incorporating teacher education courses required for licensure by the state of Colorado. The degree plan includes basic chemistry, physics, and biology. Instruction takes place in a state of the art science complex on campus which houses several instructional laboratories, projects rooms, a computer applications lab, petrology-mineralogy lab, and rock storage facilities. Most classes include a strong field component, allowing students to take advantage of the diverse geological setting of the Grand Junction area. Students have access to department equipment that includes research petrographic microscopes, binocular microscopes, a computer-assisted x-ray diffractometer, scanning electron microscopes, GPS units, short- and long-period seismometers, and a magnetometer.

The secondary licensure program provides teacher education candidates with broad content knowledge in science and prepares them as teachers for grades 7 through 12. A minimum of 75 credit hours of Essential Learning and content area coursework must be completed with a minimum GPA of 2.80 before a candidate may apply for admission to the Center for Teacher Education secondary licensure program. Please see the Teacher Education Admission Packet for further information on admissions criteria. EDUC 115, What It Means to be an Educator, and EDUC 215, Teaching as a Profession, must be taken before applying to the program.

Important information about this degree:

- 2.80 cumulative GPA or higher in all CMU coursework.
- 2.80 cumulative GPA or higher in coursework toward the major content area.
- A “C” or higher is required in all major and foundation courses.
- All EDUC prefix courses must be completed with a grade of “B” or better.
- Students must pass the PRAVIS II exam in the content area prior to beginning the internship. Also, all other coursework toward the degree must be successfully completed prior to the internship.

For more information on what you can do with this major, visit Career Services’ What to Do with a Major? (https://www.coloradomesa.edu/career/students/explore/major.html) resource.

All CMU baccalaureate graduates are expected to demonstrate proficiency in specialized knowledge/applied learning, quantitative fluency, communication fluency, critical thinking, personal and social responsibility, and information literacy. In addition to these campus-wide student learning outcomes, graduates of this major will be able to:

1. Geosciences Outcome 1: Articulate the fundamental knowledge base and ideas of the major fields of geoscience. (Specialized Knowledge)
2. Geosciences Outcome 2: Collect and interpret geoscience field data. (Applied Learning/Critical Thinking)
3. Geosciences Outcome 3: Collect and interpret geoscience laboratory data. (Applied Learning/Critical Thinking)
4. Geosciences Outcome 4: Use technology (e.g. computer software) for evaluating quantitative geoscience data. (Quantitative Fluency)
5. Geosciences Outcome 5: Write an effective report on a geoscience study. (Communication Fluency)
6. Geosciences Outcome 6: Give an effective oral presentation on a geoscience study. (Communication Fluency)
7. Teacher Education Outcome 1: Demonstrate mastery of major area’s content knowledge and pedagogical strategies through fieldwork with learners in professional settings. (Specialized Knowledge/Applied Learning)
8. Teacher Education Outcome 2: Design and establish a safe, inclusive, and respectful learning environment for a diverse population of students. (Specialized Knowledge/Applied Learning)
9. Teacher Education Outcome 3: Plan and deliver effective instruction to students, based on research-based pedagogical practices. (Communication Literacy/Information Literacy)
10. Teacher Education Outcome 4: Collect and analyze student assessment data and use results to inform planning and instruction. (Quantitative Fluency)
11. Teacher Education Outcome 5: Demonstrate professionalism through ethical conduct, reflection, and leadership. (Personal and Social Responsibility)

Requirements

Each section below contains details about the requirements for this program. Select a header to expand the information/requirements for that particular section of the program’s requirements.

To print or save an overview of this program’s information, including the program description, learning outcomes, requirements, suggested course sequencing (if applicable), and advising and graduation information, scroll to the bottom of the left-hand navigation menu and select 'Print Options.' This will give you the options to either ‘Send Page to Printer’ or ‘Download PDF of This Page.’ The 'Download PDF of This Page' option prepares a much more concise presentation of all program information. The PDF is also printable and may be preferable due to its brevity.

Institutional Degree Requirements

The following institutional degree requirements apply to all CMU baccalaureate degrees. Specific programs may have different requirements that must be met in addition to institutional requirements.

- 120 semester hours minimum.
- Students must complete a minimum of 30 of the last 60 hours of credit at CMU, with at least 15 semester hours in major discipline courses numbered 300 or higher.
- 40 upper-division credits (an alternative credit limit applies to the Bachelor of Applied Science degree).
- 2.00 cumulative GPA or higher in all CMU coursework.
- A course may only be used to fulfill one requirement for each degree/certificate.
• No more than six semester hours of independent study courses can be used toward the degree.
• Non-traditional credit, such as advanced placement, credit by examination, credit for prior learning, cooperative education and internships, cannot exceed 30 semester credit hours for a baccalaureate degree. A maximum of 15 of the 30 credits may be for cooperative education, internships, and practica.
• Pre-collegiate courses (usually numbered below 100) cannot be used for graduation.
• Capstone exit assessment/projects (e.g., Major Field Achievement Test) requirements are identified under Program-Specific Degree Requirements.
• The Catalog Year determines which program sheet and degree requirements a student must fulfill in order to graduate. Visit with your advisor or academic department to determine which catalog year and program requirements you should follow.
• See “Requirements for Undergraduate Degrees and Certificates” in the catalog for a complete list of graduation requirements.

Specific to this program:
• 126 semester hours required for the BS in Geosciences, Secondary Education.
• 2.80 cumulative GPA or higher in all CMU coursework.

Essential Learning Requirements
(31 semester hours)

See the current catalog for a list of courses that fulfill the requirements below. If a course is an Essential Learning option and a requirement for your major, you must use it to fulfill the major requirement and make a different selection for the Essential Learning requirement.

Select one Natural Science course 3

Total Semester Credit Hours 31

1 Must receive a grade of “B” or better and must be completed by the time the student has 60 semester hours.

2 Must receive a grade of “C” or better, must be completed by the time the student has 60 semester hours.

3 This is a 4 semester credit hour course. 3 credits apply to the Essential Learning requirements and one credit applies to foundation courses.

4 Must receive a grade of “B” or better.

5 GEOG 103 - World Regional Geography (3) recommended.

6 One course must include a lab.

Other Lower Division Requirements

Wellness Requirement
KINE 100 Health and Wellness 1
Select one Activity course 1

Essential Learning Capstone 1
ESL 290 Maverick Milestone 3
ESL 200 Essential Speech 1

Total Semester Credit Hours 6

1 Essential Learning Capstone must be taken after completion of the Essential Learning English and Mathematics requirements, and when a student has earned between 45 and 75 hours.

Foundation Courses
(17 semester hours, must earn a grade of “C” or better in each course.)

<td>Oceanography-GTSC2</td>
<td>1</td>
</tr>
</tbody>
</table>

Select one of the following:

- GEOL 111 & 111L: Principles of Physical Geology-GTSC1 and Principles of Physical Geology Laboratory-GTSC1
- GEOL 113 & 113L: Field-Based Introduction to Physical Geology-GTSC1 and Field-Based Introduction to Physical Geology Laboratory-GTSC1
- GEOL 112: Principles of Historical Geology-GTSC1
- GEOL 112L: Principles of Historical Geology Laboratory-GTSC1
- GEOL 202: Introduction to Field Studies
- GEOL 204: Computer Applications in Geology
- GEOL 250: Environmental Geology
- GEOL 301: Structural Geology
- GEOL 301L: Structural Geology Laboratory
- GEOL 331: Crystallography and Mineralogy
- GEOL 331L: Crystallography and Mineralogy Laboratory
- GEOL 340: Igneous and Metamorphic Petrology
- GEOL 340L: Igneous and Metamorphic Petrology Laboratory
- GEOL 402: Applications of Geomorphology
- GEOL 402L: Applications of Geomorphology Laboratory
- GEOL 444: Sedimentology and Stratigraphy
- GEOL 444L: Sedimentology and Stratigraphy Laboratory

Total Semester Credit Hours: 40

1. Either GEOL 111/GEOL 111L or GEOL 113/GEOL 113L may be taken for credit, but not both.

#### Secondary Education Requirements

(29 semester hours, must earn a grade of 'B' or better in each course.)

Program Requirements: ENGL 111, ENGL 112, PSYC 233, EDUC 115 and EDUC 215 (all with a grade of B or better) and formal acceptance to the Teacher Education Program.

DegreeWorks is an online degree audit tool available in MAVzone. It is the official record used by the Registrar's Office to evaluate progress towards a degree and determine eligibility for graduation. Students are responsible for reviewing their DegreeWorks audit on a regular basis and should discuss questions or concerns with their advisor or academic department head. Discrepancies in requirements should be reported to the Registrar's Office.

**Graduation Process**

Students must complete the following in the first two months of the semester prior to completing their degree requirements:

- Review their DegreeWorks audit and create a plan that outlines how unmet requirements will be met in the final semester.
- Meet with their advisor and modify their plan as needed. The advisor must approve the final plan.
- Submit the “Intent to Graduate” form to the Registrar’s Office to officially declare the intended graduation date and commencement ceremony plans.
- Register for all needed courses and complete all requirements for each degree sought.

Submission deadlines and commencement details can be found at [http://www.coloradomesa.edu/registrar/graduation.html](http://www.coloradomesa.edu/registrar/graduation.html).

If a student's petition for graduation is denied, it will be her/his responsibility to consult the Registrar's Office regarding next steps.

---

**Advising and Graduation**

**Advising Process and DegreeWorks**

Documentation on the pages related to this program is intended for informational purposes to help determine what courses and associated requirements are needed to earn a degree. The suggested course sequencing outlines how students could finish degree requirements. Some courses are critical to complete in specific semesters, while others may be moved around. Meeting with an academic advisor is essential in planning courses and altering the suggested course sequencing. It is ultimately the student’s responsibility to understand and fulfill the requirements for her/his intended degree(s).
