

INTERNATIONAL STUDIES

Program Description

The International Studies minor recognizes the complex interconnections between academic disciplines, peoples in varying cultural contexts and opportunities for social and economic advancement for our graduates. Students from a wide variety of disciplines can supplement their major in business, social sciences, natural sciences or humanities with an international focus through this minor. Students choose from a menu of options drawn from disciplines across the campus. The interdisciplinary nature of the International Studies minor is essential for preparing students to enter the new global marketplace of ideas and goods. Students taking the International Studies minor are encouraged to enhance their experience by participating in a variety of study abroad opportunities available while attending CMU.
