

STATISTICS, MATHEMATICS (BS)

Degree: Bachelor of Science
 Major: Mathematics
 Concentration: Statistics
 Program Code: 3434

About This Major . . .

The statistics concentration in mathematics prepares students for graduate work in statistics or to enter the job force. With some additional job-specific training, students entering the job market could function as applied statisticians working in areas such as actuarial science, wildlife management, marketing, quality control, and epidemiology to name a few.

For more information on what you can do with this major, visit Career Services' What to Do with a Major? (<https://www.coloradomesa.edu/career/students/explore/major.html>) resource.

All CMU baccalaureate graduates are expected to demonstrate proficiency in specialized knowledge/applied learning, quantitative fluency, communication fluency, critical thinking, personal and social responsibility, and information literacy. In addition to these campus-wide student learning outcomes, graduates of this major will be able to:

1. Construct multi-step problem-solving strategies and communicate solutions effectively in written form. (Specialized Knowledge, Quantitative Fluency)
2. Use mathematical software (including calculators) to aid in problem-solving and investigation, and understand its limitations. (Applied Learning)
3. Apply appropriate statistical procedures and justify chosen assumptions. (Applied Learning, Personal and Social Responsibility)
4. Draw statistical conclusions and evaluate the validity of others' conclusions. (Critical Thinking, Information Literacy)
5. Investigate, discuss, and respond to ethical and social challenges in a mathematical context. (Communication Fluency, Personal and Social Responsibility, Information Literacy)
6. Demonstrate comprehension of an advanced topic in statistics and deliver written and oral presentations (Specialized Knowledge, Communication Fluency, Information Literacy)

Requirements

Each section below contains details about the requirements for this program. Select a header to expand the information/requirements for that particular section of the program's requirements.

To print or save an overview of this program's information, including the program description, learning outcomes, requirements, suggested course sequencing (if applicable), and advising and graduation information, scroll to the bottom of the left-hand navigation menu and select 'Print Options.' This will give you the options to either 'Send Page to Printer' or 'Download PDF of This Page.' The 'Download PDF of This Page' option prepares a much more concise presentation of all program information. The PDF is also printable and may be preferable due to its brevity.

Institutional Degree Requirements

The following institutional degree requirements apply to all CMU baccalaureate degrees. Specific programs may have different requirements that must be met in addition to institutional requirements.

- 120 semester hours minimum.
- Students must complete a minimum of 30 of the last 60 hours of credit at CMU, with at least 15 semester hours in major discipline courses numbered 300 or higher.
- 40 upper-division credits (an alternative credit limit applies to the Bachelor of Applied Science degree).
- 2.00 cumulative GPA or higher in all CMU coursework.
- A course may only be used to fulfill one requirement for each degree/certificate.
- No more than six semester hours of independent study courses can be used toward the degree.
- Non-traditional credit, such as advanced placement, credit by examination, credit for prior learning, cooperative education and internships, cannot exceed 30 semester credit hours for a baccalaureate degree. A maximum of 15 of the 30 credits may be for cooperative education, internships, and practica.
- Pre-collegiate courses (usually numbered below 100) cannot be used for graduation.
- Capstone exit assessment/projects (e.g., Major Field Achievement Test) requirements are identified under Program-Specific Degree Requirements.
- The Catalog Year determines which program sheet and degree requirements a student must fulfill in order to graduate. Visit with your advisor or academic department to determine which catalog year and program requirements you should follow.
- See "Requirements for Undergraduate Degrees and Certificates" in the catalog for a complete list of graduation requirements.

Essential Learning Requirements

(31 semester hours)

See the current catalog for a list of courses that fulfill the requirements below. If a course is an Essential Learning option and a requirement for your major, you must use it to fulfill the major requirement and make a different selection for the Essential Learning requirement.

Code	Title	Semester Credit Hours
English ¹		
ENGL 111	English Composition I-GTCO1	3
ENGL 112	English Composition II-GTCO2	3
Mathematics ¹		
MATH 151	Calculus I-GT-MA1 ²	3
History		
Select one History course		3
Humanities		
Select one Humanities course		3
Social and Behavioral Sciences		
Select one Social and Behavioral Sciences course		3
Select one Social and Behavioral Sciences course		3
Fine Arts		

Select one Fine Arts course	3
Natural Sciences	
Select one Natural Sciences course	3
Select one Natural Sciences course with a lab	4
Total Semester Credit Hours	31

- ¹ Must receive a grade of 'C' or better and must be complete by the time the student has 60 semester hours.
- ² This is a 5 credit course. 3 credits apply to the Essential Learning requirements and 2 credits apply to electives.

Other Lower Division Requirements

Code	Title	Semester Credit Hours
Wellness Requirement		
KINE 100	Health and Wellness	1
Select one Activity course		1
Essential Learning Capstone ¹		
ESSL 290	Maverick Milestone	3
ESSL 200	Essential Speech	1
Total Semester Credit Hours		6

- ¹ Essential Learning Capstone must be taken after completion of the Essential Learning English and Mathematics requirements, and when a student has earned between 45 and 75 hours.

Foundation Courses

(8 semester hours)

Code	Title	Semester Credit Hours
MATH 152	Calculus II	5
STAT 200	Probability and Statistics-GTMA1	3
Total Semester Credit Hours		8

Program Specific Degree Requirements

(45-47 semester hours. A 2.5 cumulative GPA is required in the major courses. At most one "D" may be used in completing major requirements.)

Code	Title	Semester Credit Hours
Core Courses		
MATH 150	Topics and Careers in Mathematics	1
MATH 225	Computational Linear Algebra	3
MATH 253	Calculus III	4
MATH 492	Senior Capstone	3
Select one of the following:		4
CSCI 110 & 110L	Beginning Programming and Beginning Programming Laboratory	
CSCI 111	CS1: Foundations of Computer Science	
CSCI 130	Introduction to Engineering Computer Science	

Concentration Courses		
CSCI 260	Introduction to Database	3
STAT 301	Computational Statistics	3
STAT 312	Correlation and Regression	3
STAT 350	Mathematical Statistics I	3
STAT 351	Mathematical Statistics II	3
STAT 425	Design and Analysis of Experiments	3

Concentration Electives		
Select one of the following:		3-4
MATH 240	Introduction to Advanced Mathematics	
MATH 369	Discrete Structures I	
Choose three courses from the following groups: ¹		9-10
<i>Group A</i>		
STAT 313	Sampling Techniques	
STAT 430	Categorical Data Analysis	
STAT 435	Introduction to Time Series	
<i>Group B</i>		
MATH 361	Numerical Analysis	
MATH 362	Fourier Analysis	
MATH 365	Mathematical Modeling	
Total Semester Credit Hours		45-47

- ¹ At least two courses must be from Group A and the third course may be from Group A or Group B.

General Electives

All college level courses appearing on your final transcript, not listed above that will bring your total semester hours to 120 hours. 28-30 semester hours, 9-13 additional upper division hours may be needed.

Code	Title	Semester Credit Hours
MATH 151	Calculus I-GT-MA1	2
Select additional electives		26-28
Total Semester Credit Hours		28-30

Suggested Course Plan

While the sequencing below culminates in a total of 118-122 semester credit hours, students must complete a minimum of 120 semester credit hours as required for completion of this degree, including satisfactory completion of all required courses. Plan to complete requirements with varying hour options accordingly.

First Year		Semester Credit Hours
Fall Semester		
ENGL 111	English Composition I-GTC01	3
Essential Learning - Natural Sciences		3
Essential Learning - Social and Behavioral Sciences		3
KINA Activity		1
KINE 100	Health and Wellness	1
MATH 151	Calculus I-GT-MA1	5
Semester Credit Hours		16
Spring Semester		
Select one of the following:		4

CSCI 110 & 110L	Beginning Programming and Beginning Programming Laboratory	
CSCI 111	CS1: Foundations of Computer Science	
CSCI 130	Introduction to Engineering Computer Science	
ENGL 112	English Composition II-GTCO2	3
Essential Learning - Social and Behavioral Sciences		3
MATH 150	Topics and Careers in Mathematics	1
MATH 152	Calculus II	5
Semester Credit Hours		16
Second Year		
Fall Semester		
Essential Learning - Fine Arts		3
Essential Learning - History		3
General Elective		3
MATH 253	Calculus III	4
STAT 200	Probability and Statistics-GTMA1	3
Semester Credit Hours		16
Spring Semester		
CSCI 260	Introduction to Database	3
Essential Learning - Natural Science with Lab		4
MATH 225	Computational Linear Algebra	3
MATH 240 or MATH 369	Introduction to Advanced Mathematics or Discrete Structures I	3-4
Semester Credit Hours		13-14
Third Year		
Fall Semester		
STAT 301	Computational Statistics	3
STAT 350	Mathematical Statistics I	3
Essential Learning - Humanities		3
ESSL 200	Essential Speech	1
ESSL 290	Maverick Milestone	3
General Elective		3
Semester Credit Hours		16
Spring Semester		
Concentration Elective from Group A or B		3
General Electives		6
STAT 312	Correlation and Regression	3
STAT 351	Mathematical Statistics II	3
Semester Credit Hours		15
Fourth Year		
Fall Semester		
Concentration Elective from Group A or B		3-4
General Electives		6
MATH 492	Senior Capstone	3
STAT 425	Design and Analysis of Experiments	3
Semester Credit Hours		15-16
Spring Semester		
Concentration Elective from Group A or B		3
General Electives		8-10
Semester Credit Hours		11-13
Total Semester Credit Hours		118-122

in planning courses and altering the suggested course sequencing. It is ultimately the student's responsibility to understand and fulfill the requirements for her/his intended degree(s).

DegreeWorks is an online degree audit tool available in MAVzone. It is the official record used by the Registrar's Office to evaluate progress towards a degree and determine eligibility for graduation. Students are responsible for reviewing their DegreeWorks audit on a regular basis and should discuss questions or concerns with their advisor or academic department head. Discrepancies in requirements should be reported to the Registrar's Office.

Graduation Process

Students must complete the following in the first two months of the semester prior to completing their degree requirements:

- Review their DegreeWorks audit and create a plan that outlines how unmet requirements will be met in the final semester.
- Meet with their advisor and modify their plan as needed. The advisor must approve the final plan.
- Submit the "Intent to Graduate" form to the Registrar's Office to officially declare the intended graduation date and commencement ceremony plans.
- Register for all needed courses and complete all requirements for each degree sought.

Submission deadlines and commencement details can be found at <http://www.coloradomesa.edu/registrar/graduation.html>.

If a student's petition for graduation is denied, it will be her/his responsibility to consult the Registrar's Office regarding next steps.

Advising and Graduation

Advising Process and DegreeWorks

Documentation on the pages related to this program is intended for informational purposes to help determine what courses and associated requirements are needed to earn a degree. The suggested course sequencing outlines how students could finish degree requirements. Some courses are critical to complete in specific semesters, while others may be moved around. Meeting with an academic advisor is essential
