

# IMMUNIZATION POLICY FOR MEASLES, MUMPS, AND RUBELLA

---

Colorado State Immunization Law states that effective July 1, 1992, all college students born since January 1, 1957 must have two (2) measles, two (2) mumps, and two (2) rubella doses. If the student received a second measles dose prior to July 1, 1992, the second mumps and rubella are not required. The first measles, mumps and rubella (MMR) cannot be accepted if it was given more than four days before the first birthday. The second dose of MMR must be given at least 28 days after the first dose of MMR.

Written evidence of titers (blood tests) showing immunity to measles, mumps, and rubella is acceptable. If the student completes an exemption form and an outbreak occurs, the student will be subject to exclusion from school.
