Proof of Financial Funds

Before admission is granted, an international student must provide proof of financial ability to meet the estimated cost of tuition, fees, books, living accommodations, health insurance and incidental expenses for at least one full year. This is required to issue the I-20. Costs, additional information, and forms may be obtained from the [International Admissions](#) webpage.

International Transfer Students

International transfer students with college credit from an institution [outside](#) the United States must provide the appropriate official, professionally evaluated transcript from a NACES-approved company of courses (or grade reports, exam results, degree awards, etc., depending on the standard of the particular country) before transfer credit can be determined. Please see the [International Admissions](#) webpage for more information on approved foreign transcription evaluation options. In most cases, course descriptions or syllabi are required to determine content of individual courses. A professional evaluation of the foreign transcript is not required if a student is starting their studies from the beginning at CMU. In this case, the student should submit an official transcript(s) in English.
